

May 18, 2015

Dear Brothers and Sisters,

I send greetings and may each of your lives be overflowing with many blessings. I am Wendy Evelyn Tito Patty; I study

at the Universidad Mayor de San Andrés UMSA, majoring in Public Accounting. This year we are going deeper into the branches of accounting. I am carrying seven subjects (Mining and Petroleum Accounting, Agriculture and Livestock Accounting, Government Accounting and Budgets, Financial Auditing, Accounting Systems Design, Computational Theory, and Project Preparation and Evaluation).

My group was told to choose a business in the making of sweaters and so we chose *Textiles Punto Blanco* as our base, a business very well known in the industry.

[My family all] celebrated my little nephew's birthday when he turned three. This year was the first year that we celebrated his birthday [because they live far away]. We shared a delicious beef jerky and rice dish called *majadito*, typical of Santa Cruz. What struck me most was when my older brother advised my other brother and me to enjoy every moment we can with our parents while they are with us, and we should feel lucky to be at our

parents' side. It made us reflect quite a bit. I learned to value my parents much more and to thank God for life and also for health.

We wanted to integrate more youth into our Society of Friends this month [at the Friends church]. It was an afternoon full of blessing; many adolescents were almost a little separated from God, but they came to learn what the Society did during worship. This is truly a joy for the Society, because as some young people were forming their families, the Society was left with very few people.

I am very grateful for the help which the brothers and sisters of Cambridge Monthly Meeting afford me. It is a blessing for my professional formation, because now I can cover necessary expenses for my studies (transportation and study materials). From now going forward I will carry you in my prayers that all of you may be very blessed.

WENDY
