University, Castleton, VT. Each August, more than 600 Friends come together for worship, fellowship and seeking how God will guide us in meeting for business. Having first gathered in 1661, New England Yearly Meeting of Friends is the oldest "yearly meeting" in the Quaker world. While this gathering is large—among the largest Quaker events in North America—there are many opportunities to connect with Friends old and new: vibrant youth programs, adult small groups, variety shows, topical interest sessions and shared meals. In recent years, Sessions has featured plenary addresses, Bible Half-Hours, a contra-dance, and coffeehouse. If you would like to attend, please don't let finances stop you! The sessions are on a sliding scale so please pay as you are led and as you are able.

Mon, August 6 **Hiroshima Day Commemoration.** Join Friends in our tradition of commemorating the dropping of two atomic bombs on the cities of Hiroshima and Nagasaki. We will gather for a community reading of Thomas Merton's "Original Child Bomb," and then proceed to the Charles River to float candles, as is done in Hiroshima and throughout the world. The Pentagon has earmarked a trillion dollars over the next 30 years to develop three more generations of nuclear weapons, and this year the Bulletin of the Atomic Scientists has set the "doomsday clock" to 2 minutes before midnight (30 seconds later than in previous years). Please share this meditation and witness for a future uncursed by nuclear weapons and the grief they bring. Read more at: <https://thebulletin.org/press-release/it-now-2-minutes-midnight11464>.
