Opportunities

Dave Damm-Luhr recommends the [New Joanna Macy video](#)

Pathways to Planetary Health - Joanna Macy in Conversation with Jonathan F. P. Rose of the Garrison Institute.

Dave Damm-Luhr and **Jane Cutting** recommend the next [Deep Time Network course](#) with Stephan Martin *Applying the New Cosmology in Life and the World*. A 12-week course starting March 15. Early Bird price discount till February 15.

In the midst of chaos, a planetary nervous system is emerging with the NEW COSMOLOGY as its foundation. People are reflecting together, creating rituals & practices, engaging powerfully in the crises of our day; creating art, films, and music; and much more. With the explicit purpose of fostering emergence, this course will take what is already happening to another level. We will deepen our understanding and meet in allurements groups, further unleashing powerful synergies to bend the arc of our planet's future toward an Ecozoic Era.
