An opportunity on June 14th: Reparations: Alchemical Agent for Healing and Repair (June 14th 7:00pm on Zoom) with Lucy Duncan & Rob Peagler

Registration for this Zoom event can be found in the [BYM Weekly Announcements](#)

In recognition and celebration of Juneteenth, Baltimore YM's Growing Diverse Leadership Committee is sponsoring a lecture by Lucy Duncan and Rob Peagler entitled "Reparations: Alchemical Agent for Healing and Repair".

Lucy and Rob will speak about the ways they have seen reparations work as a powerful force for transformation at the relational, spiritual, and material levels. They will tell stories about its power in transmuting intrapersonal, interpersonal and systemic dynamics and as a tool for addressing the centuries old systemic harms of slavery and its afterlives, as well as the theft, genocide and dispossession of Indigenous Peoples. In addition, they will speak about the Quaker case for reparations historically and offer metaphors and concrete examples of this powerful instrument to address the root level issues of our collective complicity, both as a country and as Quakers.
